OF THE

Town Officers

OF

Southborough, Massachusetts

For the Year Ending December 31

1932

SOUTHBOROUGH PRINT SHOP
SOUTHBOROUGH, MASS.

REPORT OF THE TOWN ACCOUNTANT FOR 1932

To the Honorable Board of Selectmen,
Southborough, Massachusetts.

Gentlemen:

I respectfully submit report of the financial statistics for the year ending December 31, 1932.

A certificate of audit is attached.

CHARLES E. BAGLEY,
Town Accountant

CERTIFICATE OF AUDIT

I hereby certify that I have examined and checked up the accounts of the financial officers and departments of the Town charged with the receipts and expenditure of money.

Subject to some adjustments to be made later, these accounts were found to be correct and in order.

Cash balances have been verified to the period ending December 31, 1932.

CHARLES E. BAGLEY,
Town Accountant

Southborough, Mass.
February 7, 1933.

Then personally appeared, Charles E. Bagley, Town Accountant, and made oath that the above statement signed by him is true.

CHARLES L. FAIRBANKS,
Notary Public

SPECIAL TOWN MEETING, FEBRUARY 17, 1932

Article 1. Elected Albert S. Woodward as Moderator.

Article 2. Voted to repeal Article VIII of the present by-laws and accept and adopt in its stead the following:

"Section 1. The Selectmen annually shall appoint for one year an Advisory Committee consisting of six citizens of the Town, other than Town Officers or employees, the terms of said members to expire on the second Monday of March following each such appointment. Any member of said Committee who shall be elected to any other Town Office, or any member who shall be absent from the Town for four consecutive months or any member who shall remove from the Town, shall upon such qualification, absence or removal, cease to be a member of said Committee. Said Committee shall choose from its membership a Chairman and a Secretary.

"Section 2. It shall be the duty of the Committee to consider all matters involving expenditures of money, creation of debt or disposition of Town property included within the articles of any Warrant for a Town Meeting hereafter issued, and it shall be the duty of the Selectmen after drawing a Town Warrant containing any such Articles, to transmit immediately a copy of the same to the Secretary of the Advisory

Committee, and the Committee shall, after due consideration of the subject matter in said Articles, report thereon, in print or otherwise, such information and recommendations as it shall deem best. All recommendations of the Committee made to the Town shall be recommendations of a majority of the entire Committee, but this shall not be construed to prevent recommendations by a minority.

"The Advisory Committee shall have authority at any time to investigate the books, accounts and management of any Department of the Town, and the books and accounts of all departments and officers of the Town shall be open to the inspection of the Committee and of any person employed by it. It may appoint from its own membership, Sub-Committees and delegate to them such of its powers as it deems expedient.

"Section 3. The various Town Officers, Boards and Committees charged with the expenditure of the Town's money shall annually prepare detailed estimates of the amounts necessary to carry on the Town's business intrusted to them for the ensuing year, with explanatory statements as to any changes from the amount appropriated for the same purpose in the preceding year. They shall also prepare estimates of any income which may be received by the Town during the ensuing year in connection with the Town's business or property in their care. The Selectmen shall include in their estimates the salaries of all officers elected directly by the Town and all other items not otherwise provided for, and the salaries of all other persons shall be included in the estimates of the offi-

cers, boards or committees appointing them. The Treasurer shall include in his estimates the amounts required for the payment of interest on the Town debt, and for the payment of such portions of the Town debt as may become due during the succeeding year. Said estimates and explanations shall be filed with the secretary of the Advisory Committee on or before the twenty-fifth day of February, and he shall forthwith compile the same in tabulated form and add thereto two columns, one giving the amounts appropriated and the other the amounts expended in the preceding year, and shall furnish a copy to each member of the Advisory Committee. Said Committee shall at once consider the estimates and add another column, giving the amounts which in their opinion should be appropriated for the ensuing year, and may add thereto such explanations and suggestions in relation to the proposed appropriations as they deem expedient and report the same to the Selectmen. The report shall be printed and distributed with the Town Report, prior to the Annual Town Meeting.

"Section 4. Any board, standing committee or officer of the Town, or any person or persons intending to ask an appropriation at any meeting of the Town, other than the regular appropriation, shall file a written notice in the office of the Selectmen of such intention, at least fourteen (14) days before such meeting, stating the object and sum of the appropriation intended to be asked. The Selectmen shall thereupon record such notice and inform the Advisory Committee thereof. It shall thereupon be the duty of the Advisory Committee to examine into the subject, and be prepared to inform the Town thereon. Provided that

an appropriation may be asked, without such notice, at any meeting of the Town, but in the absence of such previous notice, the subject shall not be acted upon, except at an adjournment of said meeting, or at another meeting, not less than one (1) week later in either case; and during said interim the Advisory Committee shall consider said proposed appropriation, and make recommendations in relation thereto at such adjourned or other meeting."

Voted that the meeting be dissolved.

REPORT OF CHIEF OF FIRE DEPARTMENT

To the Honorable Board of Selectmen:

I hereby submit my annual report.

During the year 1932 the Fire Department has answered 49 calls, as follows: 22 buildings, 2 automobiles, 2 dump, 2 needless and 21 brush and grass fires.

Assessed value of buildings endangered \$120,115.00, with contents valued at \$28,895.00, endangered, with loss on buildings of \$16,120 and a loss on contents of \$1,825.00

Fourteen thousand and fifty feet of hose laid, 636 feet of ladders raised, 545 gallons of chemical used.

The new Hook and Ladder was placed in service November 14.

I wish to thank the Manual Training teacher, Mr. Wilbur, and the class of 1932, for the wonderful boat that they constructed for the Department.

Respectfully submitted,

PATRICK J. BROCK,
Chief of Fire Department

REPORT OF FOREST WARDEN

To the Honorable Board of Selectmen:

I hereby submit my annual report for the year ending December 31, 1932.

During the past year there were 21 brush and grass fires, which burned over an area of about 20 acres.

Respectfully submitted,

PATRICK J. BROCK,
Forest Warden

REPORT OF THE MOTH SUPERINTENDENT

To the Honorable Board of Selectmen:

I hereby submit my annual report for the year ending December 31, 1932.

The Moth extermination work has been carried on as in the past, namely, scouting, creosoting, spraying, and distribution of the "Wilt Disease". A very decided gain in the number of gypsy moth egg clusters are showing in all parts of the town. The three large colonies spoken of in last year's report are now clean.

285 Browntail webs were found and destroyed.

Respectfully submitted,

PATRICK J. BROCK,
Moth Superintendent

REPORT OF TREE WARDEN, 1932

Hon. Board of Selectmen,
Town of Southborough,
Massachusetts
Gentlemen:

I hereby submit my annual report for the year ending December 31, 1932.

The systematic program of high tree trimming has progressed well.

Thirty-one trees were removed as dangerous.

Two trees killed by gas were removed and young trees replanted at no cost to the Town in accordance with an agreement with the Gas Co.

The necessary brush cutting was done in the Spring.

I am sorry to report that only five young trees were planted.

Eighteen young trees were wantonly broken down on the Cordaville Road causeway; a reward of \$25.00 was offered by the Town for the arrest of the miscreants, but this act of vandalism so far has gone unpunished.

The Department supervised the expenditure of \$888.35 by the Welfare Board, all of which was expended on labor.

60,705 feet, or 11.308 miles of roadside was cut and burned to the average depth of 10 feet at the low cost of \$78.56 per mile.

The men furnished by the Welfare Board were not selected. Their spirit was fine and the work progressed in an excellent manner. The foremen, who were furnished by this department, voluntarily reduced their own wages to those of the men.

Where possible, roads cut had considerable wood on them. This was done as many abutters kindly gave to the Welfare Board the wood for the use of those people in Town who were needy.

The Marlboro Electric Co. has completed the work scheduled on Oak Hill, Fayville. This job is an excellent example of thoughtful planning between the Town and the Company.

This Department believes that the shade trees of the Town are an asset. This year it has collected the expense of removing a tree which was damaged by an automobile. This was removed under the "property damage" provision of a motor insurance policy.

A partial survey or census of shade trees has been made and will be continued.

The moth situation is serious. A distinct increase has been noted throughout the eastern part of the State.

Notwithstanding a reduction made in the previous two years (1932 amounting to 25%) the Tree Warden has recommended to the Advisory Committee an additional cut of 10% for 1933.

The receipts and expenditures of the Department will be found in the report of the Town Auditor.

Respectfully submitted,

HARRY BURNETT,
Tree Warden

REPORT OF THE POLICE DEPARTMENT, TOWN OF SOUTHBOROUGH

To the Board of Selectmen,
Southborough, Massachusetts.
Gentlemen:

I herewith submit my report from March 26, 1932, the date of my appointment, to December 31, 1932.

| | |
|--|------|
| Automobile accidents, from which injuries resulted | 19 |
| Number of persons injured | 20 |
| Fatal accidents | none |
| Summons served for other departments | 9 |
| Raids | 1 |
| Arrests | 3 |
| Admissions to State Hospitals | 2 |
| Number of breaks reported and investigated | 3 |
| Automobiles stolen | 1 |
| Fires attended at night | 5 |
| Doors in business buildings closed and locked | 6 |

In submitting my report, I have not included investigations made of minor automobile accidents, where there were no injuries.

The articles stolen and the three breaks reported were of little value.

The automobile stolen was returned to its owner.

Respectfully submitted,

JAMES A. HARRIS,
Police Officer

REPORT OF SPECIAL OFFICER IN FAYVILLE, TOWN OF SOUTHBOROUGH

To the Board of Selectmen,
Southborough, Mass.
Gentlemen:

I herewith submit my report for the year 1932.

| | |
|---|----|
| Accidents investigated where there were personal injuries | 4 |
| Summons served for other police | 2 |
| Arrests for violating motor vehicle laws | 10 |

I have booked a great many persons for violations of the law of the road and other traffic violation, but have let them go with a warning:

The changes in the traffic signals, which was brought about late in December, have been of great assistance to me in protection of the children who cross the road to and from school.

Respectfully submitted,

DOMENIC E. LEPORE

REPORT OF THE WATER COMMISSIONERS, DECEMBER 31, 1932

To the Honorable Board of Selectmen,
Gentlemen:

We herewith present the third annual report of the Board of Water Commissioners, for the year 1932.

All work has been carried on under the supervision of Thomas J. Boland, Superintendent.

New Construction

New construction during the past year has been limited to the installation of service connections, of which thirteen have been laid, and to the grading of the grounds and the construction of a concrete walk at the pumping station.

The citizens of the Town are urged to visit the pumping station, which is equipped with pumping machinery of which they can well be proud.

Maintenance and Operation

The work of maintenance and operation consists principally in the operation of the pumping station, inspection of hydrants, flushing of dead ends, and the quarterly reading of meters.

The pumping station is operated every day; the water being pumped by either of two electrically-driven centrifugal pumps, and the stand-by unit—consist-

ing of a gasoline engine-driven triplex pump—is operated for a short time each week to assure its being in readiness in case of failure of electric power.

A statement of the amount of the appropriation and expenditures for 1932 follows:

| | | |
|---------------------------|------------|------------|
| Appropriation | | \$5,000.00 |
| Expenditures: | | |
| Administration, | | |
| Salary of Superintendent | \$1,800.00 | |
| Billing | 100.34 | |
| Printing, postage, etc. | 104.36 | |
| Insurance and car regist. | 157.35 | \$2,162.05 |
| <hr/> | | |
| Pumping Station, | | |
| Electric power | 1,330.40 | |
| Fuel | 170.52 | |
| Telephone | 69.30 | |
| Gas, oil, chlorine, etc. | 78.69 | |
| Labor | 102.49 | |
| Materials | 57.67 | 1,809.07 |
| <hr/> | | |
| Pipe lines and hydrants, | | |
| Labor | 110.00 | |
| Materials | 143.93 | 253.93 |
| <hr/> | | |
| Services and meters, | | |
| Materials | 103.16 | |
| Labor (private property) | 113.50 | |
| Labor (town property) | 182.91 | |
| Meter maintenance | 7.16 | 406.73 |
| <hr/> | | |

| | |
|----------------------------|------------|
| Repairs and misc. supplies | 94.73 |
| Truck maintenance | 196.95 |
| | <hr/> |
| Total expenditures | \$4,923.46 |
| Unexpended balance | \$76.54 |

The revenue from water rates for the four quarters ending January 1, 1933, amounts to approximately \$7,800. or a surplus of about \$2,800. above the appropriation for 1932. This surplus goes toward the retirement of serial bonds and reduces the amount to be raised by general taxation.

Charges For Water Rates and Service Connections Overdue

Water rates overdue more than one quarter amount to \$720. and overdue service charges where the water is turned on amount to \$560. for 35 connections. An effort is being made to have these amounts paid—failing which the supply will be turned off. In addition there are 29 unpaid service connections, which are not turned on. These will have to be paid before the water will be turned on.

General

On May 10th or 11th the Water Department shop was broken into and tools valued at \$44.39 were stolen. The tools were replaced by the insurance company.

THE ANNUAL REPORT OF THE SCHOOL COMMITTEE

Below is presented the Annual Report of the School Committee for the year 1932, together with those of the Superintendent of Schools, the Principal of the Peters' High School, the Principal of the South Union School, and the School Nurse.

The subjects of prime interest will be mentioned and discussed briefly.

Instruction

The Committee feels that the past school year of 1932 has been most successful and takes this opportunity to compliment the Superintendent, Principals and Teachers on their splendid work. The results of this endeavor are shown by the fact that some nineteen or twenty of the graduates of the Peters' High School are continuing their education in different Colleges and Normal Schools.

Teachers

During this past year it has been necessary to make three changes in the teaching staff, namely:

1. Miss Dorothy Harrington was elected to fill the vacancy caused by the resignation of Miss Lucy Bowen, who gave up her position to be married.

2. Miss Brady was chosen to teach in Grades 1 and 2, in place of Miss Moir, who accepted a position to teach in the Berlin Schools.

3. Miss Janet Knowlton was appointed to succeed Mrs. Mary (Hayden) Powers, in music.

Health

The health policy, consisting of the examination of some four hundred pupils, was carried out as in previous years. One serious condition was brought to the attention of the Committee, namely, that of teeth. The result of the examination showed that two hundred and thirty children out of the total four hundred examined had defective teeth. The seriousness of this situation must not be overlooked, and the Committee strongly recommends that the parents pay more attention to their children's teeth. It is well known that a healthy tooth does much to promote and maintain a healthy body.

Repairs

In view of the unsettled conditions that existed during the past year only the absolutely necessary repairs were made. A total of \$423.54 was spent, of which the largest items are listed below:

| | |
|--|----------|
| Day-Byrne Plumbing Co., for general work on the furnaces, boilers, piping, etc. | \$131.00 |
| Electrical work | 30.00 |
| Paints, varnishes, oil, and material used in reconditioning the buildings in the summer by the janitors | 40.00 |

New Equipment

This item was also kept to a minimum, as were the repairs. A small amount was spent for new physic and chemistry apparatus, while the largest item was for the exchange of four typewriters, in accordance with the four-year plan.

Transportation

The slight increase in the transportation expense may be accounted for in two ways, viz.:

- a) An increase in the number of children carried,
- b) The new State Law in regards to School Busses.

There were two new busses purchased during the summer.

Mr. Fitzgerald purchased one of the busses and was willing to do so without any increase in salary, provided he was given a three-year contract.

Mr. Johnson, the purchaser of the second bus, asked for a slight increase, due to the fact that it was necessary to buy and operate a larger bus than before.

The Committee had several complaints, during the year, in regard to the crowded condition that existed on this route, but hesitated to have the bus make two trips, on account of the extra expense.

Four of the five busses, now used in transporting the children, are in accordance with the new State Law; the fifth, a fine type machine, fails in respect to

the rear emergency exit, but was under contract before August 26th, the time specified by the State, thus enabling us to use it the coming year.

One requirement of this new ruling, that your Committee heartily approves, is that all school busses must be inspected at least five times a year; namely, the first week of January, March, May, September and November.

Under the new ruling the liability insurance has been increased to fifty thousand dollars in the case of any accident resulting in injury to or death of more than one person, instead of the ten thousand dollars called for under the old law. This makes an added expense to the Town of forty-six dollars and seventy cents on the insurance carried on the five busses for 1933.

The Committee wishes to thank Mr. Blount, Mr. Woodward, the teachers and health officers for their excellent co-operation given during the past year.

Respectfully submitted,

WILLIAM N. DAVIS

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee,
Southboro, Mass.

Gentlemen:

It gives me pleasure to submit my seventh annual report of the schools of Southborough.

Curriculum

We are endeavoring to complete a course of study for the school system. Conferences have been maintained with the body of teachers from time to time. At these conferences material related to this subject has been presented and discussed. Courses of study from other school systems are also being studied with a view to finding material best adapted for use in our own course of study. We trust that we may complete this work by the close of the present year.

Teachers

The past few years have witnessed few changes in the teaching staff at Southborough. To this fact we owe much of the present interest and achievement of pupils. Continuity of service is a vital factor in obtaining efficient administration and instruction of a school system. It is hoped that with voluntary contributions by teachers over a period deemed necessary

by the school committee we may be able to retain eventually our present salary schedule.

At the close of the school year, 1932, Miss Lucy Bowen resigned and Miss Dorothy Harrington, a resident of Southboro, was elected to fill the vacancy. Miss Mary Brady, a teacher of seven years' successful experience, was appointed to the position left vacant by Miss Margaret Moir, who received an election to a position at Berlin, Mass. Miss Janet Knowlton succeeded Mrs. Mary Powers, as Supervisor of Music.

The average teacher of the grades is an individual who possesses an experience of ten years, professional training of three years, and scholarship of a high character.

The average teacher of the High School possesses an experience of six years, a training of four years, and has a record of scholarship of excellence.

Your attention is directed to the following reports:

High School Principal,

Principal of South Union School,

Supervisor of Drawing,

Supervisor of Health.

Because of a change in the personnel of the music department the report of the supervisor for the year is omitted. The work is being conducted for the present in accordance with plans previously reported.

In closing this report I desire to express my appreciation of the earnest, efficient work of all teachers and supervisors, the careful administration of principals, and the effective co-operation of School Committee and citizens in all the work of the school system.

HENRY G. BLOUNT,
Superintendent of Schools

REPORT OF PRINCIPAL OF PETERS HIGH SCHOOL

To Mr. Henry G. Blount, Superintendent of Schools,
Southboro, Mass.

I hereby submit my report for the year ending December 31, 1932.

At the opening of the school year, in September, 1932, the enrollment for the six-year High School was the largest in the history of the school. There were fifty-one pupils in the seventh and eighth grades and ninety-one pupils in the ninth, tenth, eleventh and twelfth grades, making a total of one hundred and forty-two.

On October 1, 1926, there were ninety-one pupils in the seventh and eighth grades and the four grades in the High School. On October 1, 1932, there were one hundred and forty-one in these same grades. This is an increase of fifty pupils in six years. This represents a fifty-four percent increase from 1926 to 1932.

Every seat on the upper floor was used and next year, with a large incoming seventh grade, provision must be made in a vacant room on the first floor for some of the pupils in the six-year High School.

For the school year 1932-1933, our school enjoys the specimen student privilege of the New England College Entrance Examination Board. This entitles pu-

pils to enter on certificate colleges approved by the New England Board. Worcester Polytechnic Institute accepts our students on certificate. This privilege is good until January 1, 1936, when it may be renewed.

Peters' High is a Class A school and is entitled to send students to our Teachers' Colleges on certificate provided a grade of B or better is maintained in twelve units out of the fifteen units required for entrance.

The following graduates of Peters' High School are pursuing courses in institutions of higher learning:

John Sealey, University of Maine; Elwood Banfill, University of Alabama; Stephen Boutilier, Chicago Technical College; Philip Harrington, Tufts College; Lewis Mason, Harold Nichols, Edmund Bean, Northeastern University; Delia Davis, Bates College; Vesta Davis, Colby Junior College; Edward Nichols, Holy Cross; Warren Tupper, Drake College; Carol Dermon, Viola Ruggles, Elizabeth Campbell, Beatrice Thompson, Framingham Teachers' College; Muriel Robie, Bridgewater Teachers' College; Eleanor Beaton, Massachusetts Normal Art School; Eleanor Fantony, Portia Law School; Roscoe Twombly, Fitchburg Teachers' College, and Cortland A. Ruggles, Massachusetts College of Pharmacy.

Only one change occurred in the teaching staff. Miss Dorothy Harrington, a graduate of Emmanuel College, took the place made vacant by the resignation of Mrs. Lucy (Bowen) Sealey.

The attendance for the first four months of the school year has been affected by the prevailing gripe

colds, which have been general in nearly all communities.

The work of the school is being carried on in a satisfactory manner. The teachers are conscientious and faithful and are cooperating in every possible way to make educational progress along sound, constructive educational lines.

In conclusion, I wish to thank Mr. Blount, for his constructive advice, his loyalty and cooperation, the teachers, for their cheerful cooperation, and the School Committee, for its support.

Respectfully submitted,

ALBERT S. WOODWARD

REPORT OF PRINCIPAL OF SOUTH UNION SCHOOL

To Mr. Henry G. Blount, Superintendent of Schools,
Southborough, Massachusetts.

I hereby submit my report for the year ending December 31, 1932.

The attendance record has been very satisfactory, showing an average of 95 percent. The following pupils have been neither absent nor tardy:

| | |
|-------------------|----------------------|
| Davina Ramelli | Jennie Drab |
| Charlotte Bean | Florence Nickiloulis |
| Raymond Tomasetti | Judith Ramelli |
| Xenia Nickiloulis | William Saunders |
| Eleanor Palmer | Laura Drab |
| Sarkis Khederian | |

Satisfactory progress in studies has been made in all grades, each keeping up to the required standards. The usual school activities have gone on as in previous years.

Memorial Day exercises were made more impressive by the presence of Commander Blake of the Leo Bagley Post, American Legion. He gave a most instructive talk to the children.

The Washington Bicentennial Celebration, requested by the State, was observed as part of the program of Educational Week. Joint exercises were held in Southboro Town Hall.

In closing, I wish to express my appreciation for the help and support which has been received from School Committee, Superintendent, Teachers and Parents.

Respectfully submitted,

JULIA F. GLEASON

REPORT OF THE DRAWING SUPERVISOR

Mr. Henry G. Blount,
Superintendent of Schools,
Southborough, Mass.

Dear Sir:

I herewith submit my annual report as Drawing Supervisor of the Southborough Schools.

The usual lessons in color, design, form, and general technique have been carried on as outlined in previous reports.

Several projects in hand work have been completed during the year. These have dealt with different phases of art work and give the child an opportunity to create and express himself other than in actual drawing.

As this was the year of the Washington Bicentennial, many lessons were developed pertaining to the life of George Washington.

Every grade had at least one lesson on the subject, using various methods and materials. In some classes group work was encouraged by making a large panel and having certain groups responsible for different parts of it. Each child had some part in the project, and as he had a choice of the scene he wished to illustrate he took more interest in it. Some of the panels

represented life at Mt. Vernon, Valley Forge, Siege of Yorktown, Boston Tea Party, French and Indian War, Surrender of Cornwallis, and other interesting group arrangements.

Still another type of work was the construction of pictures from colored paper. An incident in the life of Washington was chosen to illustrate. First the picture was drawn, then the parts were cut from colored paper. This made a colorful picture and also gave a review of the man's life from boyhood on.

In the upper grades these projects necessitated much research work as the houses and costumes were of a different period.

These are a few examples of the types of art work carried on during the year.

We are grateful for the supplies, allowing us to carry out these problems.

In conclusion may I take this opportunity to express my appreciation of the hearty support given by the teachers to all forms of art work in the schools.

Respectfully submitted,

MARGUERITE ELLIOTT PEASLEE

Tune, "When the Blue of the Night Meets the Gold
of the Day"

Why must I live in dreams
Of the days that I used to know?
Why can't I find, real peace of mind,
And return to the long ago?

Memories come back to me
Of the days at Peters High,
But each new day takes me away
From the place that I long for still.

Chorus

When the blue of the night
Meets the gold of the day,
What memories come to me!
Then the classmates I knew
Pass in stately review,
Nodding Silently.
If only I could, I might greet them,
No longer would I sigh,
May the Blue and the Gold
Gather classmates of old
At Dear Old Peters High.
